

NAWIC Philadelphia Chapter 145 WIC WEEK 2024 Service Project

Join The Philadelphia NAWIC Chapter #145, and our amazing partners, Everybody Builds Philadelphia, WINC & The Salvation Army as we dedicate a day of WIC Week to giving to our Philadelphia community.

The Salvation Army is a faith-based, comprehensive human service organization whose programs help individuals, families and whole communities lead healthier, safer, and more productive lives. Programs and services in Philadelphia include shelter, hot meals and choice pantries, trauma-informed case management, early childhood development, recreational opportunities, music programs, job training, activities for older adults, and more.

Everybody Builds is a nonprofit organization with the mission to diversify Philadelphia's construction industry and build sustainable capacity for growth among diverse businesses and workers. Working in partnership with the region's largest contractors, developers, property owners, and unions, we are aligning market opportunities and preparing diverse workers, contractors, and sub-contractors to play a substantial role in Philadelphia's growth.

Women in nontraditional careers often earn more than women who have earned a four-year degree, graduating without debt, and earning more over their lifetime. Let's keep earning. The Women in Nontraditional Careers (WINC) Project is a Philadelphia regional collaboration to support, increase and advance the participation of women in construction, manufacturing and transit careers.
